### OUR GYM

Since 1926 this building has been the scene of many triumphs and griefs for Bedford High School. Gallons of tears have been shed here, bushels of confetti have been swept from the floor, barrels of pickles and tons of candy have been sold to our hungry fans. Although we didn't win the 1955 sectional, we were greatly rewarded for the season of hard work and tough luck, by our victory over Mitchell.

### MARCH OF DIMES

Each year thousands of dimes from generous sports fans swell the coffers of the March of Dimes.

### PIONEER STANDS

Rush! Rush! Rush! This is the theme of the Pioneer stands at the half of the big game. Here we see Bob Lee, David Guthrie, and Jean Williams busy selling eskimo pies.

## WE LEARN BY DOING

### SHOP BUILDING

B.H.S. is fortunate in having one of the most modern and well-equipped shop buildings in Indiana. Here students may learn all phases of metal shaping or molding, the skills of mechanical drawing, and the arts of woodworking.

## HOUSE OF BOOKS AND BOSSES

Many abilities and hobbies are unknown to the general public which are possessed by the faculty and workers. The janitors were surprised by the quick flash of the camera while keeping the windows bright. Miss Newsom is bravely starting on the first trip in her car after recovering from a broken arm. One of Mr. Hartman's joys is his beautiful dog, Itsy. Mr. Mourer cools off in the snow. Mr. Brown and Mr. MacFadden worry about Sectional tickets while Barbara Bobbitt sells them.

The Administration Building is the base of all school operations and houses the offices of the administrative men and women.

This rarely seen view of our school shows how beautiful a seemingly drab place can be at night. We are lucky indeed to be able to have the lights and the opportunities to use them.

## **A SELDOM SEEN VIEW**

Day after day, and year after year the students of Bedford High School fill the halls in just this manner. There will always be that hurry to the locker so a person can see that special someone or just to see everyone.

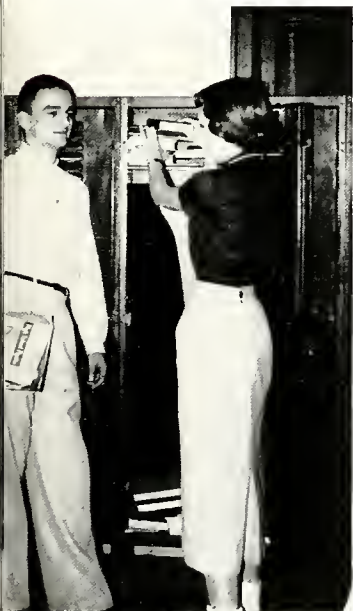

Each year at Christmas time the Cantamus Club fills the halls with beautiful music. The Christmas tree seems to be the perfect background for the ancient carols.

Students gather eagerly at lockers for an exchange of news. Maybe Joe is telling Kay what Santa brought.

Bob Lee and David Guthrie seem to be trying to sell Christmas wreaths to aid the Senior class. Good Luck, Guys!

This is certainly a scene which is often seen around school. Apparently the "funny" was a good one, Pat. Helen thinks so, anyway.

People enter high school as children and leave as supposedly adults. Here we see the long and the short of it.

# HOMECOMING

We see Sherry Winslow and Marlene Murray, both members of the senior class and candidates for the Homecoming queen, riding through town in the afternoon parade.

The second Homecoming of Bedford High School was held at the last football game of the 1954-'55 season.

One candidate from each class was chosen by her classmates. The girls chosen this year were: Sherry Winslow, senior; Barbara Blackwood, junior; Pat Cameron, sophomore; and Susie Kibler, freshman. The "mighty" senior was chosen by the members of the team to reign as the second Homecoming Queen.

Sherry Winslow, Homecoming Queen, and Barbara Blackwood seem very excited and very much in suspense as the moment of final judgement approaches.

Congratulations to Sherry Winslow, Homecoming Queen, and Bob Holzhaue, the Captain for our successful Homecoming game.

#### STUDENT COUNCIL

SEATED—Bette Boyd, Mary J. Hobson, Larry Peterson, Keith Greathouse, Jim Wilhite, Shirley Brooking. ROW 1—Dodd Eddington, Sharon Foutch, Bill Viers, Jerry Armstrong, Dave Morgan, Ann Hall, Marilyn Browning, Sally Drehobl, Larry Delaney. ROW 2—Barbara McGuire, Evelyn Voightschild, Marlene Murray, Marilyn East, Barbara Miller, Gloria Winingham, Jesse Riley, Becky May, Calvin Brandenburg, Jared Perkins, Judy Buck, Mary H. Zink, Janice Martin, Sharon Baker, Linda Parham, Judy Smith, Bill Evans. ROW 3—Stanley Glenn, Don Smallwood, Bob McPike, Fritz Endris, Charles Baker, Ronald Alesia, Nelson Hunter, Vernon Yenne, Fred Terry.

Each Home Room elects two members, a boy and a girl, as representatives in the Student Council. The group is sponsored by the Principal, Mr. McFadden, and the Dean of Girls, Miss Newsom. That group elects its officers to guide and direct its activities. The officers for this year were: president, Larry Peterson; vice-president, Keith Greathouse; sec.-treas., Mary Jane Hobson. The Student Council aids in the yell-leader elections, directs the magazine sales each year, and always decorates the beautiful Christmas tree in the hall.

## Honors of Many Kinds

#### NATIONAL HONOR SOCIETY

LEFT TO RIGHT—Mary J. Hobson, Mary R. Hartman, Marlene Murray, Pat Fitzgibbon, Dave Adams, Miss Painter (sponsor), Joe Mason, Jean Williams, Elizabeth Jourdan.

Those students who best display the qualities of leadership, scholarship, character, and service are selected by a faculty committee every year. The group is sponsored by Miss Inez Painter, and holds a formal induction service before the student body each year.

## Social Studies Club

One of the regular occurrences at a Social Studies club meeting is a report, by a member, on a topic of historical interest to all. These reports usually pertain to Lawrence County facts, but they don't always have to. Here, Mary Lou Ravenna is holding the interest of club members Becky May, Carol Mullis, and Elizabeth Merrell. Mr. Hartman, the club's co-sponsor, is presiding at the meeting.

The Social Studies Club, sponsored by Mr. Hague, is a relatively new club. It consists of seniors, juniors, and sophomores who have taken one year of social studies. The club had a distinct honor this year in that their president, Dave Adams, was also president of the State Historical Society. The Club's tours included trips to Tunnelton, Vincennes, and some instructive picnics in the Spring.

ROW 1—Mr. Hague, Bob Lee, Kay Mayo, Jean Williams, Dave Adams. ROW 2, Mary R. Hartman, Kitty Murray, Ann Fultz. Elizabeth Jourdan, Inez Hostettler, Carolyn Chastain, Susi Gunther, Sue Johnson, Mary J. Hobson. STONE CITY STUDENT STAFF

LEFT TO RIGHT—Elizabeth Jourdan, Keith Greathouse, Carolyn Chastain, Larry Peterson, Becky May, and Geraldine Allen.

## **Publications**

Printing a school newspaper isn't as simple as it may seem. This year, the sponsor, Miss Chase, was handicapped by the fact that in the second semester there were only four members in the Journalism class. The Student Staff was as "busy a class as could be." During seventh hour one may find them anywhere — downtown getting ads, in the classrooms getting personals, or in Room 34 working very hard. The "Student" is issued every two weeks, and contains all items that would be of interest to students and teachers.

## The Pioneer

### BUSINESS STAFF

One important part of the "Pioneer" Staff is the Business staff. These kids have the job of collecting ads to aid in financing the yearbook. Also included in this group are the Concession Managers who service the stands operated by the staff at the football and basketball games.

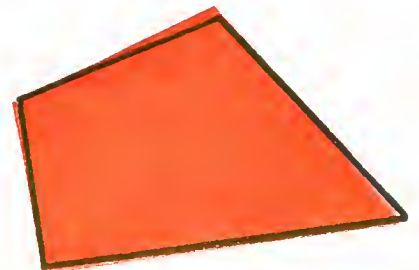

LEFT TO RIGHT—Charles Baker, Bob McPike (concessions), Ronald Clark, Gladys George, Ronald Bell, Rae J. Cripe, Dave Johnson, John Pless, and Jerry Blackburn (concessions).

The Editorial Staff of the Pioneer has the job of actually writing up the yearbook. Countless hours of work go into the making of a yearbook. Each section is done by a group of students headed by an Editor and his assistants. Those long sessions of toil are also a time of fun and conversation.

### EDITORIAL STAFF

LEFT TO RIGHT—Dave Adams, Bob Lee, Inez Hostettler, Elizabeth Jourdan, Mary J. Hobson, Jean Williams, Carol Mullis, Dave Guthrie, Jim McKnight, Ethel Carson, Sue Johnson, Larry Peterson, Mary Lou Ravenna. Elizabeth Merrell was absent.

ROW 3—Larry Orr, Bob Lee, Pat Fitzgibbon, Jim Hague, David Guthrie, Larry Peterson, Don Smallwood, David Johnson, Charles Baker, Don Smith, Norman Fiddler, Mike Murray, Bob Herr, Steve Buck, Charles Conner, and Mr. Combs, sponsor.

This group is one of the largest organized clubs in Bedford High School. The members meet every other Monday evening in Room 44 with Mr. Coombs, B.H.S. science teacher. They have endeavored to have an appropriate speaker at each meeting to increase their knowledge of practical science. Juniors and seniors are welcome to join and Mr. Coombs hopes to have an even larger club next year.

## Science Opens the Door to Adventure

### DRIVER TRAINING

Mr. Crane familiarizes his class with the engine of a car. The main goal of driver training is to cultivate in high school students safe driving habits. This class, which meets five days a week for one semester, counts  $\frac{1}{2}$  credit toward graduation. In many surveys it has been proved that motorists with a background of driver training have better all-around records as safe drivers than non-trained drivers. This speaks well for the course, and all students who are unable to drive should take advantage of it.

## Hi-Y Club

Hi-Y, which means High School Y.M.C.A., is a club for boys who have ideas of developing themselves spiritually as well as bodily. It is designed to cultivate in high school boys a desire for clean living in every way. The members have meetings with Mr. Rohde every other Monday night. Their biggest project during the year is the sponsorship of the Heart Fund.

ROW 2—Tom Smallwood, Larry Reynolds, David McGuire, Jerry Blackburn, Mike East, Charles Baker, Jim Leahy, David Guthrie. ROW 4—Carole Wagoner, Josephine Roberts, Linda Covey, Ronald Clark, Vernon Yenne, David Sherrill, Donna Sipes, Peggy Brown, Etta Chambers, Billie Jo Peavler.

## "Music Hath Charms"

Bedford High School may well be proud of its Cantamus club. The programs of this club are varied and numerous; all, however, are musical as the club's Latin name cantamus, meaning "we sing", indicates. As is customary, the city grade schools, Junior High, and Senior High were entertained by club members at Christmastime with carols. Several of the downtown service clubs invited our choral group to perform for them. As a climax to their first semester chores the club gave an outstanding performance of H.M.S. Pinafore. When one looks for the secret of this club's success, he finds it in the backing which the students receive from their sponsor, Miss Catherine Keach.

## "H.M.S. Pinafore"

### PRINCIPALS OF "PINAFORE"

Gerald Carrier, David Adams, David Guthrie, Kitty Farrell, Roger Chase, Barbara Bobbitt, Vernon Yenne, Marlene Murray, John Pless, David Sherrill.

ROW 3—John Boruff, Jim Wilhite, Nelson Hunter, John Ramsey, Ronald Bell, Robert Lee, Jim Hague, Ronald Clark.

### THE STORY OF "PINAFORE"

"H. M. S. Pinafore" is a charming operetta by Gilbert and Sullivan concerning the lives and loves of the skipper of the Pinafore, Captain Corcoran; his first mate, Ralph Rackstraw; and the First Lord of the Admiralty, Captain Joseph Porter. Conflict enters the lives of these men when Ralph Rackstraw, a commoner, falls madly in love with Josephine, the daughter of Captain Corcoran and the betrothed of Captain Porter. Meanwhile Captain Corcoran falls in love with Buttercup, a favorite of the ship's crew. In the end, however, everything turns out perfectly, when it is disclosed that the Captain is really Ralph, and that Ralph is the Captain; thereby making it possible for Ralph to marry Josephine and for the Captain to marry Buttercup. Captain Porter wisely finds happiness with his cousin Hebe.

### INITIATION SKITS

The Scarlet and Purple old members were entertained by the new members for their formal initiation. One of the skits was a modern version of "The Medic". Another was a very exciting adaptation of the T.V. show "Dragnet." The other was a hilarious story of a "Bridge Party."

## The Men And Women . . . "

### CHRISTMAS PLAY

"Christmas Is Too Old-Fashioned", given by members of the Scarlet and Purple Club, is the story of a sophisticated and cynical young lady who does not believe in old-fashioned family Christmases. It takes several incidents to change her mind, but, as all stories must, the play ends happily.

Students in the shop courses gain instruction in the use and operation of such machines as engine lathe, drill press, milling machines, shaper, grinding machines, and welding equipment. All skills learned here may be used as a livelihood later.

## Technical Skills

#### MECHANICAL DRAWING

Roger Kopp finishes a drawing under Mr. Luse's direction.

Any boy interested in engineering, machine shop, drafting, designing, architecture, or blue print reading would be wise to take mechanical drawing in high school.

Pattern making and Foundry were put into our school at the request of the industries of Bedford. This course gives experience in the construction of wood patterns, the building of sand molds and the making of castings — all of them skills that can be used in local industry.

Junior Achievement is one of Bedford High School's busiest organizations. Sponsored by the Bedford Chamber of Commerce and other local business interests, its main purpose is to stimulate interest in business and industry. At the organization meeting it was decided that the project for this year would be the production and selling of door markers. Shares of stock were then sold and things started rolling. With this brand of enthusiasm the students of B.H.S. will, undoubtedly, make sure that Junior Achievement is here to stay.

## CLASS SONG

Tune: "This Old House"

This old house will lose its seniors  
But the mem'ry lingers on  
Of the deeds and trials and problems  
That, as ours, will soon be gone.  
If you hear us shedding tears  
Because we will not know our fate  
Please don't bother us right now 'cause,  
We're gettin' ready to graduate.

Ain't a gonna study here no longer  
Ain't a gonna study here no more;  
Four long years have been a plenty  
And we don't want four years more.  
But no doubt as we grow older  
We will realize too late  
That we left our four best years  
When a gettin' ready to graduate.

—David Adams

## FAREWELL SONG

Tune: Indiana University "Alma Mater"

As we stroll the halls in silence  
Counting years gone by,  
We will always love and honor  
Dear old Bedford High.  
Soon we leave thee,  
Trav'ling on to  
Far and distant shores  
Keeping in our hearts fond mem'ries  
Love forevermore.

As our pathways cross and wander  
Through the fields of time,  
We will speak in solemn measure  
Hailing thee, our shrine.  
Anxious fears and doubts arising  
As the end draws nigh.  
We as classmates join in praise for  
Dear old Bedford High.

—David Adams

Football coaches carry all the burdens. One of the toughest to reckon with is the fact that as long as the team wins the coaches are praised; but have a losing season, as far as the won-lost column is concerned, and some irate "fans(?)" are ready to dispose of the coaches . . . any way possible. Hats off to head coach R. P. Snyder and his able assistant A. B. Luse.

## On The Practice Field

Looking "at ease" but ever ready to gain the yardage for a first down are our full-backs, Bill Duncan and "Bode" Gabbert.

Able and ready for a "fast pass" or a sharp "hook and go" are the ends, Jerry Wickersham, Dick Frisbie, Steve Jones, Gerald Hall. Standing are Tom Childress and Bob Motsinger.

The "meat and guts" of any football team is the line. No team is a team without a line of keen hustlers. Tackles are Tom Carver, Larry Evans, Larry McCart, Norm Fiddler, Jerry Switzer, Mike McCann. The guards are Ed Smith, Bob Holzhaus, Chuck Baker, Bill Lewis, Dodd Edington, Rodney Deremiah.

The "field generals" or quarterbacks are Jim Wilhite, Ralph Isom, Neil Cox. Centers: Don Albietz and George Gilbert.

Halfbacks are Bob Cosner, Fritz Endris, Bob Butterfield, and Tom Drehoble.

## We Win A Game

Here we see the Cutter gridmen "warming up" for the opening of the Mitchell game. Apparently no signals have been called, for the session seems to have turned into an "every man for himself" affair. It looks pretty strenuous, but the boys survived.

## A Great Sport

Bob Butterfield dives and plunges for a 6 point lead early in the game.

# FINE LEADERS MAKE A GREAT SPORT

### TEAM CAPTAIN

Each year the members of the football squad elect the player with the best qualifications to guide them through the season. George Gilbert was the team's selection for captain this year. George's position was at the center of the Cutter forward wall. Thanks, George, for inspiring leadership.

### M.V.P.

The most outstanding, all around, member of the Cutter squad this past season was Robert Butterfield, halfback. Bob was not only outstanding offensively, (five T.D.'s in one game) but just as good defensively. What a coach wouldn't give for eleven men like Butterfield! Thanks, Bob, for a job well done.

ROW 1—Jerry Armstrong, Ronnie Terry, Tracey Little, Allen Ross, Fred Herthel, David Morgan.  
 ROW 2—Mr. Warren Wagoner, Coach; Edward Cummings, Jim Hackney, Don Brewer, Larry Henderson, Tom Hurd, Joe Craig.  
 ROW 3—Richard Jones, Fred Terry, Gene Brinegar, John Cosner.

The freshmen team was a hard working group led by Coach Warren Wagner. Most of these boys will be back next year to play on the varsity squad.

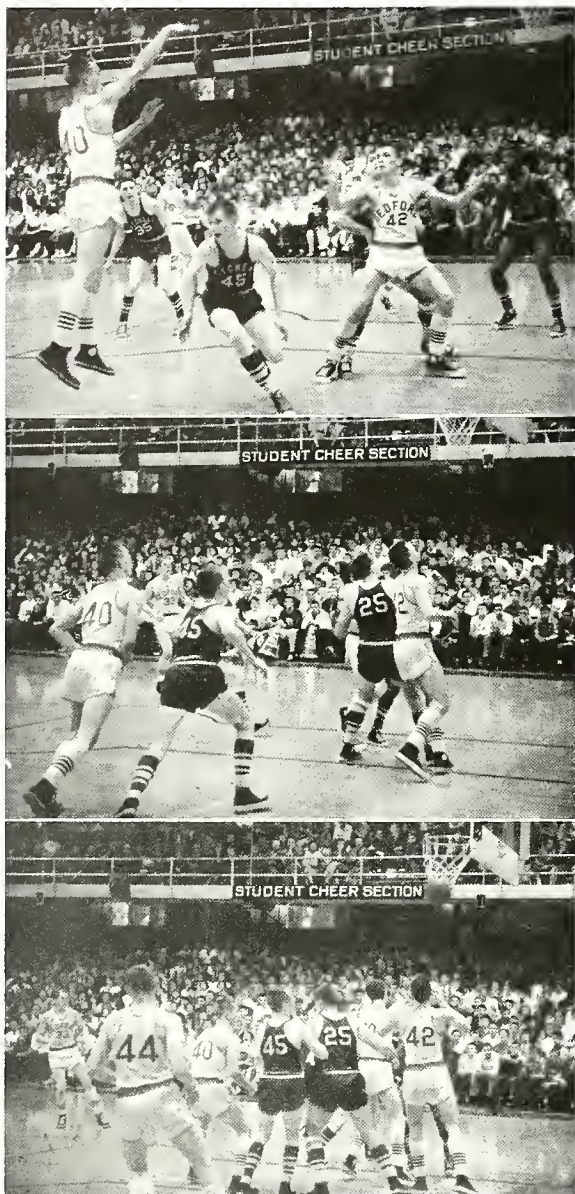

### FOOTBALL MANAGERS

Managers are as necessary as a football in a football game. These three fellows lighten Coach Snyders job no end because their work is never finished until the end of the football season. They are indeed appreciated by the coaching staff, the team, and the spectators.

FROM LEFT TO RIGHT—James Porter, Buzzy Curtis, and Charles Hartman.

## Varsity

This fine series of action shots was made by photographer Herbert Combs. It shows a complete play during the home game with Mitchell. Keith Greathouse shoots, then breaks toward the basket to follow in. Don Albietz blocks and waits for the rebound. It's good!

### MANAGERS

Invaluable work is done by the student managers. Ours are two of the best, Roy McIvor and Dick Craig.

### COACHES

Bedford High School is justly proud of its basketball coaching staff. Here are head coach Ralph Holmes and his able assistant, Ernie Barnes.

Tourney Final: Paoli 50 — Oolitic 48

Shown here is the tip-off which started the Bedford — Mitchell game. Jerry Switzer jumps as Jim Hague waits for the tip.

#### JOE SEGO

Joe is a speedy little junior guard who is an excellent ball-handler and shot. He saw only limited action this year, but he'll be back fighting for a starting berth for the 1955-56 season.

#### BOB MOTSINGER

Another junior boy up from last year's second team. He helped provide the Cutters with reserve strength, especially during the Sectional. Bob's eye for the basket will be a great asset to next year's squad.

#### GEORGE GILBERT

George came along fast toward the end of the season. His constant hustle and fight often gave the Holmes crew a shot in the arm. "Goldie" leaves B. H. S. via the graduation route. We'll miss him.

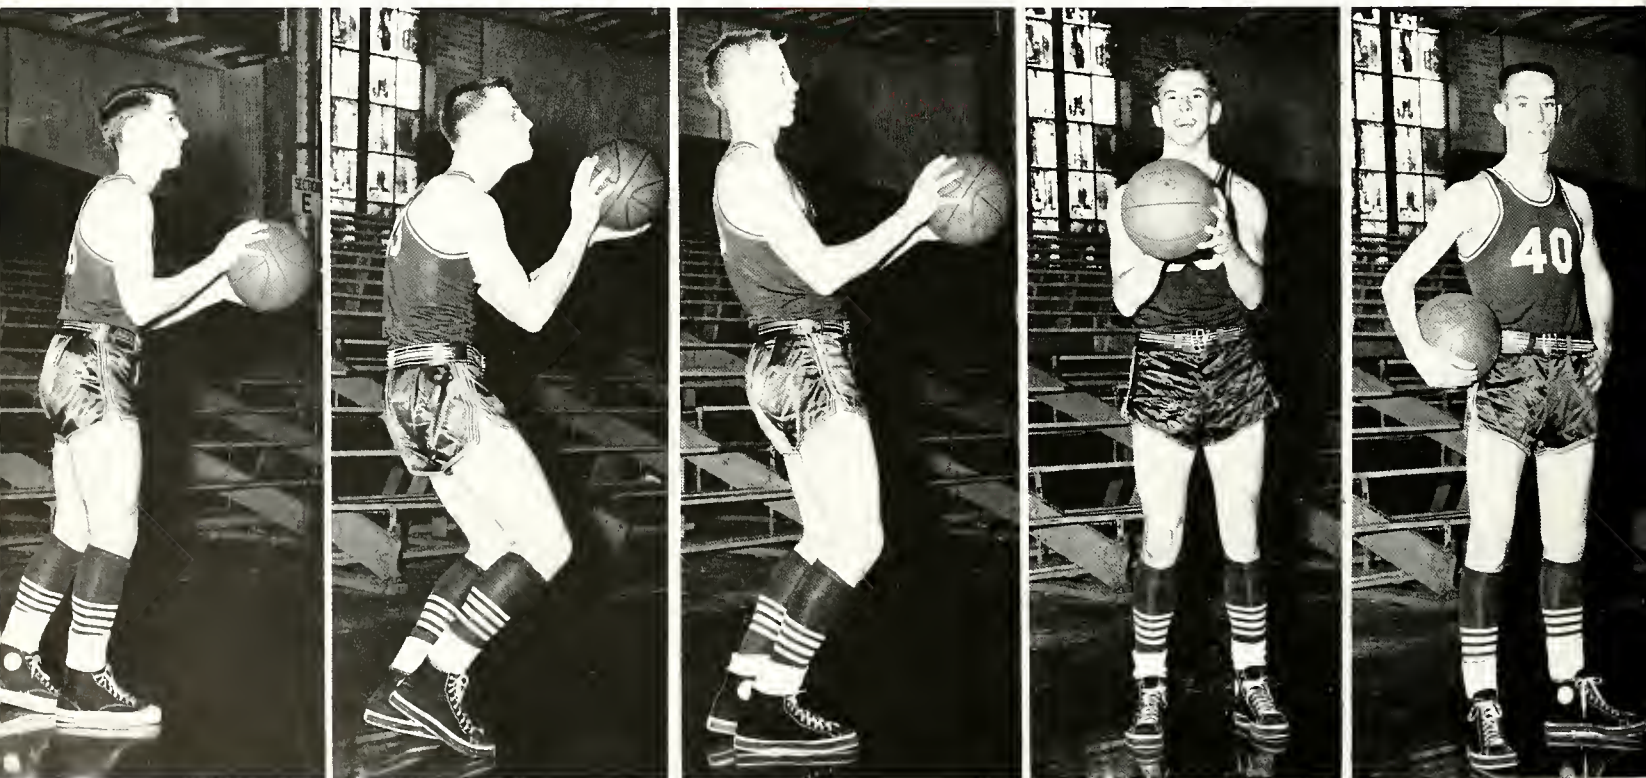

#### ROGER KOPP

"Speed", playing his first full season on the varsity, did a nice job. Climaxing with a 28 point performance against Martinsville, he came in second in total scoring. Rog is a junior and we certainly hope that he reaches the 6 foot mark by next year.

#### KEITH GREATHOUSE

Playing the last of three years of varsity basketball, Keith served as floor-general and sparked the Cutters with his fine defensive play and hustle. In recognition of this he was named most valuable player, therefore his loss creates a position that will certainly be hard to fill.

## Varsity

#### BOB HERR

Better known as "Suede," Bob was the biggest and one of the hardest working players on the squad. Although not a high scorer Bob certainly deserves a lot of praise. He is a senior and his spirit and rebounding will definitely be missed by the Cutters next season.

#### JIM HAGUE

Another senior ball-player, Jim has played two fine years of basketball for the Bedford Stonecutters. He ranked third in scoring this year, and his defensive play was strong. Coach Holmes certainly would like to have Jim around again next year.

#### DON ALBIETZ

Don is a junior and was high scorer during regular season play with 200 points to his credit. He is a hard worker and rebounder. We are looking forward to bigger and better things from Don next year.

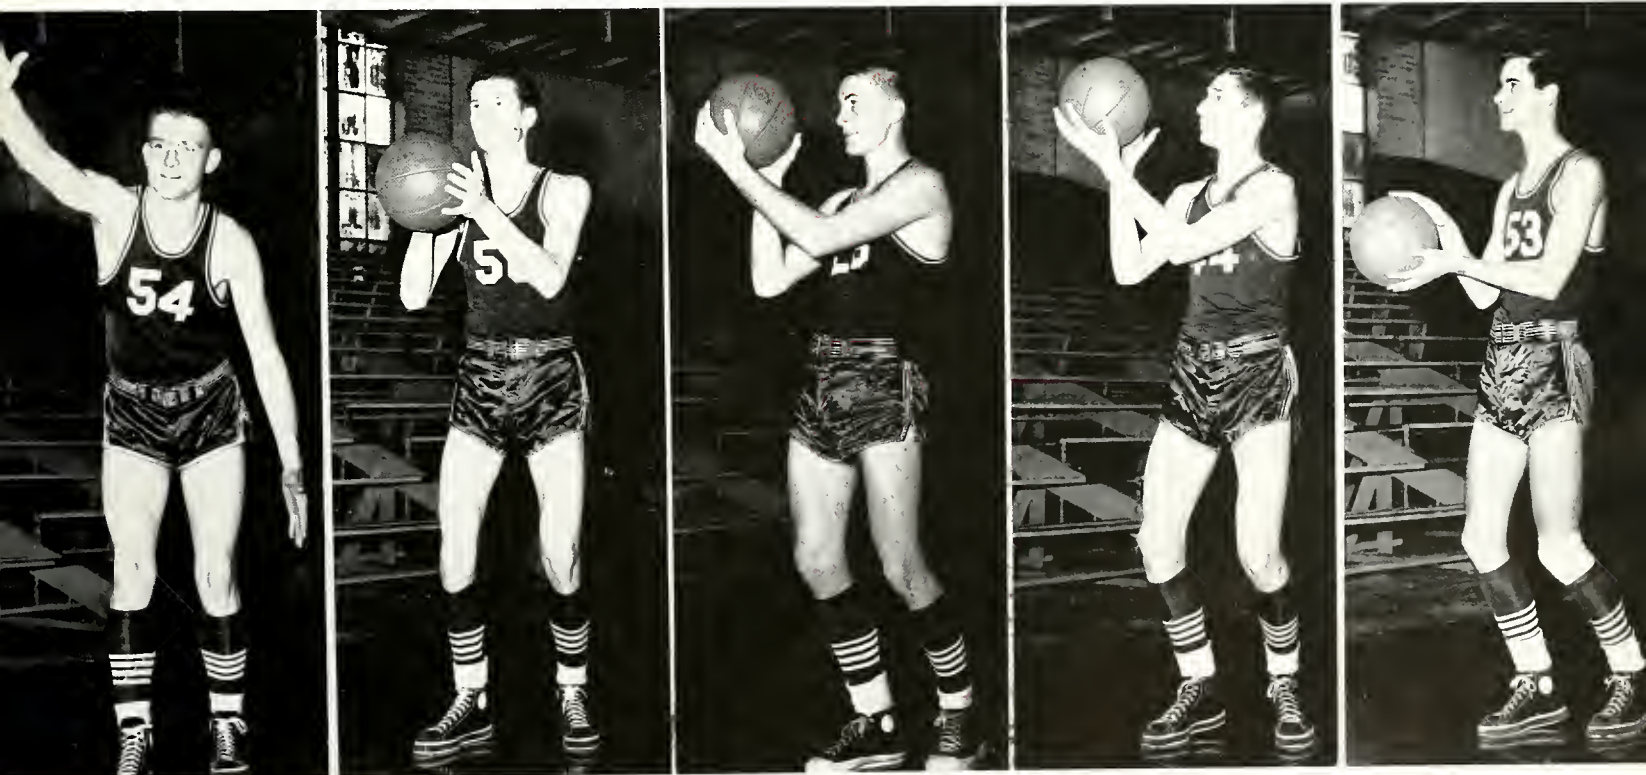

#### JERRY SWITZER

One of the most improved ball-players on the Cutter squad, he oftentimes provided that needed rebound on tip-in. Jerry is only a junior and next winter should cause his opponents plenty of trouble.

#### JERRY REYNOLDS

Jerry, a junior, was one of the best shots on the 1954-55 ball-club. He was always dependable and therefore was used both as a reserve and a regular. He should be a mainstay on the Cutter crew next season.

Although the reserve's record wasn't too impressive, they lost some close games and gained much valuable experience.

## Class Will

It was a dark and stormy night. The wind whooped and howled around the Bedford high school building, and Mr. McFadden shivered in his chilly office. Suddenly the door burst open and a group of juniors rushed into the principal's sanctum.

"Mr. McFadden", they shouted, then in lower tone, "Mr. McFadden", one begged, "please, please, read us the will."

Gravely Mr. McFadden peered over his glasses at the intruders. Seeing their earnest faces and heeding their pleading voices he slowly reached down into his holy of holies (the third drawer on the left side of his desk) pulled out a dog-eared manuscript, opened it, and in grave tones, read:

## A Class With A Future

Miss Brooks and Mr. Hague, having safely delivered B. H. S. seniors to High School Day at Purdue, found themselves with some free time. After visiting several of the university establishments, they found the way to the Science Building where experiments had recently been conducted with a mechanical brain which could foretell the future. Curious to find out what would become of the class of '55, Miss Brooks wrote the names of all seniors on small pieces of paper while Mr. Hague adjusted the controls of the 'brain' for a forecast of 15 years — the year 1970.

The following predictions are those of the mechanical brain and do not necessarily reflect the opinions of Mr. Hague, Miss Brooks, or the yearbook staff . . . Big Ed Maick is now the sole owner of General Motors and Lockheed Aircraft. Since Ed spends most of his time in the plants, the office work is handled by his personal secretaries Pat Watson, Wilma Umphress, and Jean Hardman.

Rae Jeanne Cripe, the hard-hitting editor of the 'Tallahassee Tattler', is currently appearing on many well-known panel shows, most of them sponsored by Pat McCullough's Pickle Factory.

Larry Peterson, our ambassador to the Antarctic, recently attended a performance there of Mary Maloney's Ice Revue, which is on location for a movie being directed by Frank Stapp. The movie, entitled 'Seven Igloos for Seven Eskimos', stars Inie Hostettler as the lovely Eskimo princess, George Hobson as the eccentric penguin breeder, and Icicle, wonder dog of the huskies.

Charlie Schreiber recently purchased Orleans and converted it into a colony for retired millionaires. Among the well-known celebrities living there are Jim Moser, Jerry Todd, Gene Davis, Norman Fiddler, Bob Hill, Larry Hillenberg, and Jim Hague. Keeping the financial records for the above is Evangeline Snyder, the highest paid accountant in the twilight zone. It has been heard that Kitty Murray, author of the book 'How to Bury a Millionaire' is on her way to Orleans in search of her next huband — number 11.

Drs. David Johnson, James Barry, and Charles Conner, with the able assistance of nurses, Vergilla Owens, Jean Williams, Barbara Bobbitt, Sara Ikerd, and Mary Lambton, performed the operation of the year, a trimethylheptectamy.

Gladys George, Marilyn Grubb, and Helen Byers recently organized SECRETARIES INCORPORATED. Among the nationally known typists belonging to this organization are Darlene Easton, 614-2; Sharon Arthur, 723-4; Kay Adamson, 674-3; Donna Sipes, 648-2.

Betty Jo Shaw and Bob Butterfield have just built the ninth of their chain of beauty salons known as the Paint and Dye Works.

Francis Stone, the well-known organ manufacturer is running a series of articles in many of the current magazines entitled, 'A Pipe Organ in Every Home'. This article is said to have sold more than 8 million copies. Mary Ruth Hartman, nationally known church organist, recently gave the largest single contribution ever recorded to the Girl Scout paper drive—five tons of unused church bulletins. Kay Mayo, Marlene Murray, Evelyn Voightschild, and Elizabeth Jourdan are instructing the elementary school children of today in the fields of Music Theory and Harmony, Integral Calculus, Greek Literature, and Advanced Philosophy. These teachers are employed at Thomas Erdmann's School for Young Presidents.

Bill Owens, Ronald Porter, and Ed Nilson are the owners of one of the largest manufacturing companies in the United States. Their business manager, Phil Beretta, has kept them operating well in the black. Under the watchful eyes of Ronnie Clark, head personnel director, only the best workers are hired as may be witnessed by the efficiency of such people as Carl East, Nancy Fish, Kay Chastain, and Earl Dusard. The product? High speed mud flaps for noon hour drivers.

Mike Murray is one of the most famous test drivers known today. He may be seen in action any day during the week at the Leonard's Drive-In Race Track.

Bob Herr and David Adams were the winners of the Nobel prize this year for the discovery of a cure for the common cold . . . arsenic.

Dean Endris, well known sports announcer, had the pleasure this year of reporting to the country that his old class-mate, George Gilbert, coached the B.H.S. team to the State Basketball Championship. Another classmate, Keith Greathouse, was elected to the Baseball Hall of Fame.

Peggy Brown, Barbara Sons, and Jackie Sexton just returned from a trip around the world by bicycle. Steve Buck and Joe Finn, the most noted geologists of the century, recently discovered evidence which definitely traces man back to the parakeet.

Bruce Claybaugh, new owner of Western Union, discharged all the old employees and replaced them with such notable office workers as Georgia Davies, Twila Faubion, Zenobia Finney, Bonnie Brinegar, Gladys Browning, and Sherry Holzhaue. Bruce promises higher wages and more singing telegrams.

## And What A Future!

Gerry Allen was elected president of the Bedford Housewives Club. Other officers for the present year are Jo Roberts, vice-president; Faye Butler, secretary; and Elaine McCallum, treasurer.

High honors at the weekly bridge party were taken by Janice Edgell and Carol Wagoner. Next week the meeting will be held at the home of Caroline Holmes. Sandra Simmons and Pat Kindred will be co-hostesses.

Pat Fitzgibbon, famous engineer, just completed a bridge across the Mediterranean Sea. It was built for the sole purpose of transporting Joe Mason's oil shipments from Saudi Arabia. Dentist Bob Lee is also building bridges.

Jerry Blackburn and Jack Murphy made the first successful trip to the moon. Larry Orr had made an earlier attempt, but his balloon burst.

Scientist Jerry Anderson is to be praised for his valuable aid in helping the Navy department complete the plans for a new underwater aircraft carrier. Rear Admirals David Guthrie and Charles Baker will present Anderson with a citation as soon as their fleets return from maneuvers in the Amazon River.

Etta Chambers, with the assistance of model Sue Thomas, has designed many of the extravagant gowns which will be worn by singer Kitty Farrell in her next musical. This 'brain' understands that all musical numbers will be staged and directed by band leader Jimmy Trinkle.

Captain Roy Tarr of the Marines was awarded a medal this year for winning the Armed Forces Golf Open.

Billy Viers and Betty Boyd are both drawing cartoons and illustrations for many nationally known magazines.

Barbara McGuire, Pat Stewart, and Linda Covey recently joined the secretarial staff of the Buddy Owens, Bob Holzhaue Engineering Company.

Suzy Gunther, leading psychologist, is happy to report that no former '55 seniors have had to consult her.

Glenna Beavers, now in Africa, informed Harold Inman and Don Ingle that they would probably do well in establishing an African branch of their air-conditioning company.

Bob Clifton coached the college all-stars for the third consecutive time this year. During the summer months Bob sells insurance for Mary Jane Hobson's Insurance Company. Also employed by Mary Jane are Ernestine Cochran, Sharon Byers, Nancy Sheeks, Delores Shaffer, and Dorothy Turpen.

Joyce Johnson and Donna Mitchell now have their own television show. Recently they interviewed Darrell Chastain, one of the leading draftsmen in the country; Stanley Glenn, one of our leading ministers; and Ronnie Hall, an outstanding 500 mile race driver.

After all the names had been run through the mechanical brain separately Mr. Hague thought it a good idea to submit all the names at once to see if the general outlook would be favorable or unfavorable.

## "FAREWELL BEDFORD HIGH"

*Tune: "Strange Music"*

Farewell to Bedford High, to those  
 halls that we leave with a sigh.  
 Long years of work and play — we'll  
 remember how we passed each golden day.  
 Teachers dear and friends with whom we part —  
 ever near and dear to our heart.  
 So farewell we say to all, may our pathways  
 lead us always in the light of days gone by—  
 So farewell dear Bedford High.

## A SENIOR SONG

*Tune: Side by Side*

Oh we ain't got our lessons and studies  
Teachers are hardly our buddies  
But we're leavin' today  
Wish we could stay  
Side By Side.  
Some of us may get to college  
Others don't care about knowledge  
But we'll never forget our best years yet  
Side by Side.  
Through all kinds of classes  
We thought we'd surely fail  
Just as long as they would pass us  
We wouldn't utter a wail.  
Well we don't seem to realize we're parting  
Seems that we ought to be starting  
We wish you good-by! As we all cry  
Bedford High.

Bedford High School, this is good-by

We soon are leaving, but we'll always try

To set for you a shining example

But we'll admit we've hardly shown a sample.

So long! It's really sad. Don't feel like

We'll ever really be glad

But now since we're on our way

Bedford High School

Wish we could stay.

CONGRATULATIONS, SENIORS

# DIARY OF 1955

September 2—Well, here we are back again. The seniors suddenly realize that it's for the last time. This year we have a new principal, who, we know will give us a wonderful year.

September 10—Tonight our first football game with Martinsville. It really gave us some school spirit. We didn't win, but neither did they. It was a tie!

September 14—The Tri-Hi-Y Club gave a "get-acquainted" party at the Wilson Park Community House after school today. Everyone had a good time.

September 16—The first convocation of the year was held today. Mrs. Eastman told us of her experiences as a school teacher under Communist rule. It was really interesting.

September 29—Seniors elected their class officers—Pat Fitzgibbons is president; Joe Mason, vice-president; Elizabeth Jourdan, secretary; and Gladys George, treasurer. We know they will do a good job of leading the seniors of 1955! Also, David Guthrie was chosen president of Scarlet and Purple.

October 1—Our basketball team had its first practice session! We are hoping to go to the state this year.

October 6—The annual magazine campaign started. Hope everyone works hard and makes a lot of sales.

October 15—The Student Council elected Larry Peterson president at this afternoon's meeting. Keith Greathouse, as vice-president, will help Larry.

October 20—Jean Ann Williams and Elizabeth Jourdan were chosen to head the "Pioneer" Staff.

October 26—Sherry Winslow was named Homecoming Queen by the football team at our last game.

\* \* \*

November 2—Individual pictures for the "Pioneer" were taken today.

November 4—We have all new cheerleaders for this year. They are Russell Owen, Ronnie DeFord, Becky May, and Mary Kay Trueblood.

November 15—Scarlet and Purple initiated twenty-one pledges tonight. I bet that was one experience they'll all remember!

November 19—That first basketball game! Salem played a good game and really beat us. Maybe we'll win next time.

November 22—Inez Hostettler was elected president of Thespians today.

\* \* \*

December 2—Cantamus club presented "H.M.S. Pinfore" tonight. It was really good!

December 8—Today Roger Chase was chosen to head the first Junior Achievement Organization in Bedford.

December 9—Literary club held its Christmas party in the cafeteria after school today. We really had fun.

December 16—Scarlet and Purple presented "Christmas Is Too Old-Fashioned" for our convocation this afternoon.

December 17—Well, the Christmas vacation finally arrived. This year we get two whole weeks. Wonderful!

\* \* \*

January 6—Key Club put on a big pep-session today. Real cute! Tonight we play Mitchell again. Hope we beat them this time.

January 24—Today was grade day and "thus endeth" the first semester. There were 62 on the Honor Roll. Those who didn't make it will try again. Meaning me!

January 27—Really had an interesting convocation today — "Parade of Progress." The show was made up of a series of scientific experiments sponsored by General Motors.

January 28—Pioneer orders were handed in today. Everyone did a fairly good job. 615 orders. Should have been 720.

\* \* \*

February 4—Social Studies club made plans today to tour Tunnelton. It should prove to be a very interesting adventure!

February 11—Mr. McFadden's office is taking on the "new look." Two new filing cabinets were installed to replace the safe which was burglarized last fall.

February 23—Sectionals started today. Of course we are all backing Bedford. As we haven't won a sectional in four years, we are hoping that this will be "the year."

February 28—Today we held an appreciation pep-session for the basketball team. We didn't quite make it, but the team sure tried hard. Better luck next year!

\* \* \*

March 2—Seniors enjoyed a day at the Indiana State Legislature. It was really an interesting trip. Also, the Juniors held their annual Talent Show this evening. It was really good.

March 7—Scarlet and Purple members tried out for the spring play today — cast to be announced next week.

March 26—Several students from B. H. S. competed for Scholarship Awards in the Regional Test at I. U. today. We wish them all the best of luck.

March 30—The Medical Association gave us a convocation today. It was very educational.

\* \* \*

April 1—Choral Festival at Mooresville. More fun!

April 8—Spring Vacation is here at last. Now we can suffer from spring fever for four whole days!

April 15—Band Festival today at Mitchell. It gets better every year.

April 23—Today was Band Tag Day. Everyone did his bit to help the band members.

April 28—Scarlet and Purple presented the Spring play, "Line of Scrimmage." There was a large turnout and everyone enjoyed it hugely.

\* \* \*

May 4—Mothers Day Tea today. Tri-Hi-Y members presented a lovely program dedicated to all Mothers of B. H. S. students.

May 19—Honor Day is here. We now are "awarded" for four years of hard work.

May 20—Class Day — We hope that everyone enjoyed our program. Of course we thought it was the best yet! Finally, the PROM. It will always give me a thrill when I think about the wonderful time that I, and everyone else, had at this PROM.

May 22—Baccalaureate — and we are finally serious about graduating.

May 26—W. W. Wright spoke tonight at commencement. We all received those long-awaited diplomas with tears in our eyes. We are leaving B. H. S. and all our memories behind. To the underclassmen — we hope that your four years are as wonderful as our's have been and that you will make the very best of them.
